

It's Valentines Day,
there's a surprise
for you!

To help you find it,
follow these clues!

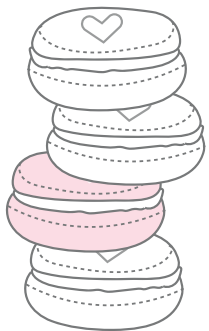

You are so loved!
To find your next clue,
look where dirty clothes
are shoved

I have a handle as well
as a lock, when visitors
come they give me a
knock

The smell of flowers
fills the air, head to
the place where you
wash your hair!

Look high, look low,
push my buttons
to turn on your
favourite tv show!

Hugs, kisses and
Valentines wishes!

If you want to clean
your dishes, I'm the
machine that
performs those
wishes

Roses are red, violets are blue,
if you want to find another clue,
look in a place where Mommy keeps
her shoes

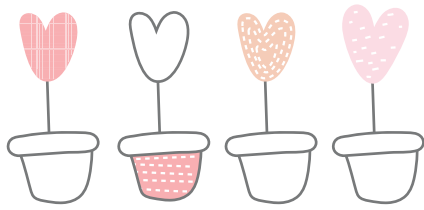

Cupid's arrows are sharp
and so are you!
I have 4 legs, yes
it's true.
Look under my
bed to
find your next
clue

YOU  ME

Love is tender, love is good!
Open me up to find frozen food

The next clue is hidden in
a place that can get
very HOT...

On top of this
thing you can
even place a pot

LOVE
YOU

It makes breakfast
food and rhymes
with coaster, you'll
find your next clue
at the?

We toss our washing in to the bin,
then put them in to the machine
that goes spin

I  you

Solving the clues
brings great joy,
now look in the
place where you
put your favourite
toy

February 14th brings lots of red,
go look where you lay your head

This is fun, this is neat, look
in the place where you
sit and eat

YAY!!

You found your prize and solved
all the clues, but the treasure
that's best loved is YOU!
